

7.-9. JUNI 2017 NORDIC DAIRY CONGRESS ADDING VALUE

Invitation for students

A number of Nordic corporates and organizations have chosen to donate student sponsorships with the aim of facilitating the participation of dairy students at the Nordic Dairy Congress 2017 in Copenhagen for free. The participation free of charge, however, will be limited to the amount of sponsorships raised. Students who are interested may submit their application to the Nordic Dairy Technology Council upon following criteria:

1. Students must have residency or be a national of one of the Nordic countries and be a university dairy student (not geographically restricted).
2. Students that are due to finalize their studies will be prioritized, since they are expected to benefit the most from their participation.
3. The Nordic Dairy Technology Council will make the selection upon sponsorship availability and quality of application.

**Submit your
application before
February 1st 2017**

**If your application is
granted, your travel and
participation are free.**

**If you are a dairy
student at a university
of the greater Cph. area
and you choose to host
a student from outside,
you will be granted free
participation upon
availability.**

**Students from abroad
will mainly be
accommodated
privately at another
student's residency.**

**ONLINE APPLICATION:
www.nordicdairycongress.com**

Submission

1. Feb. 2017
